About Shilpanjali

What started in 2018 as a craft hobby for two sisters in vadodara, Shilpa & Anjali, is now a House of Designer Quilts.

Shilpanjali is a women led organisation that specializes in making handcrafted designer quilts with international designs and sizes. Shilpanjali is committed to empowering women by providing sustainable work opportunities.

More than 500 Quilts of International designs are already part of many Households in India and abroad.

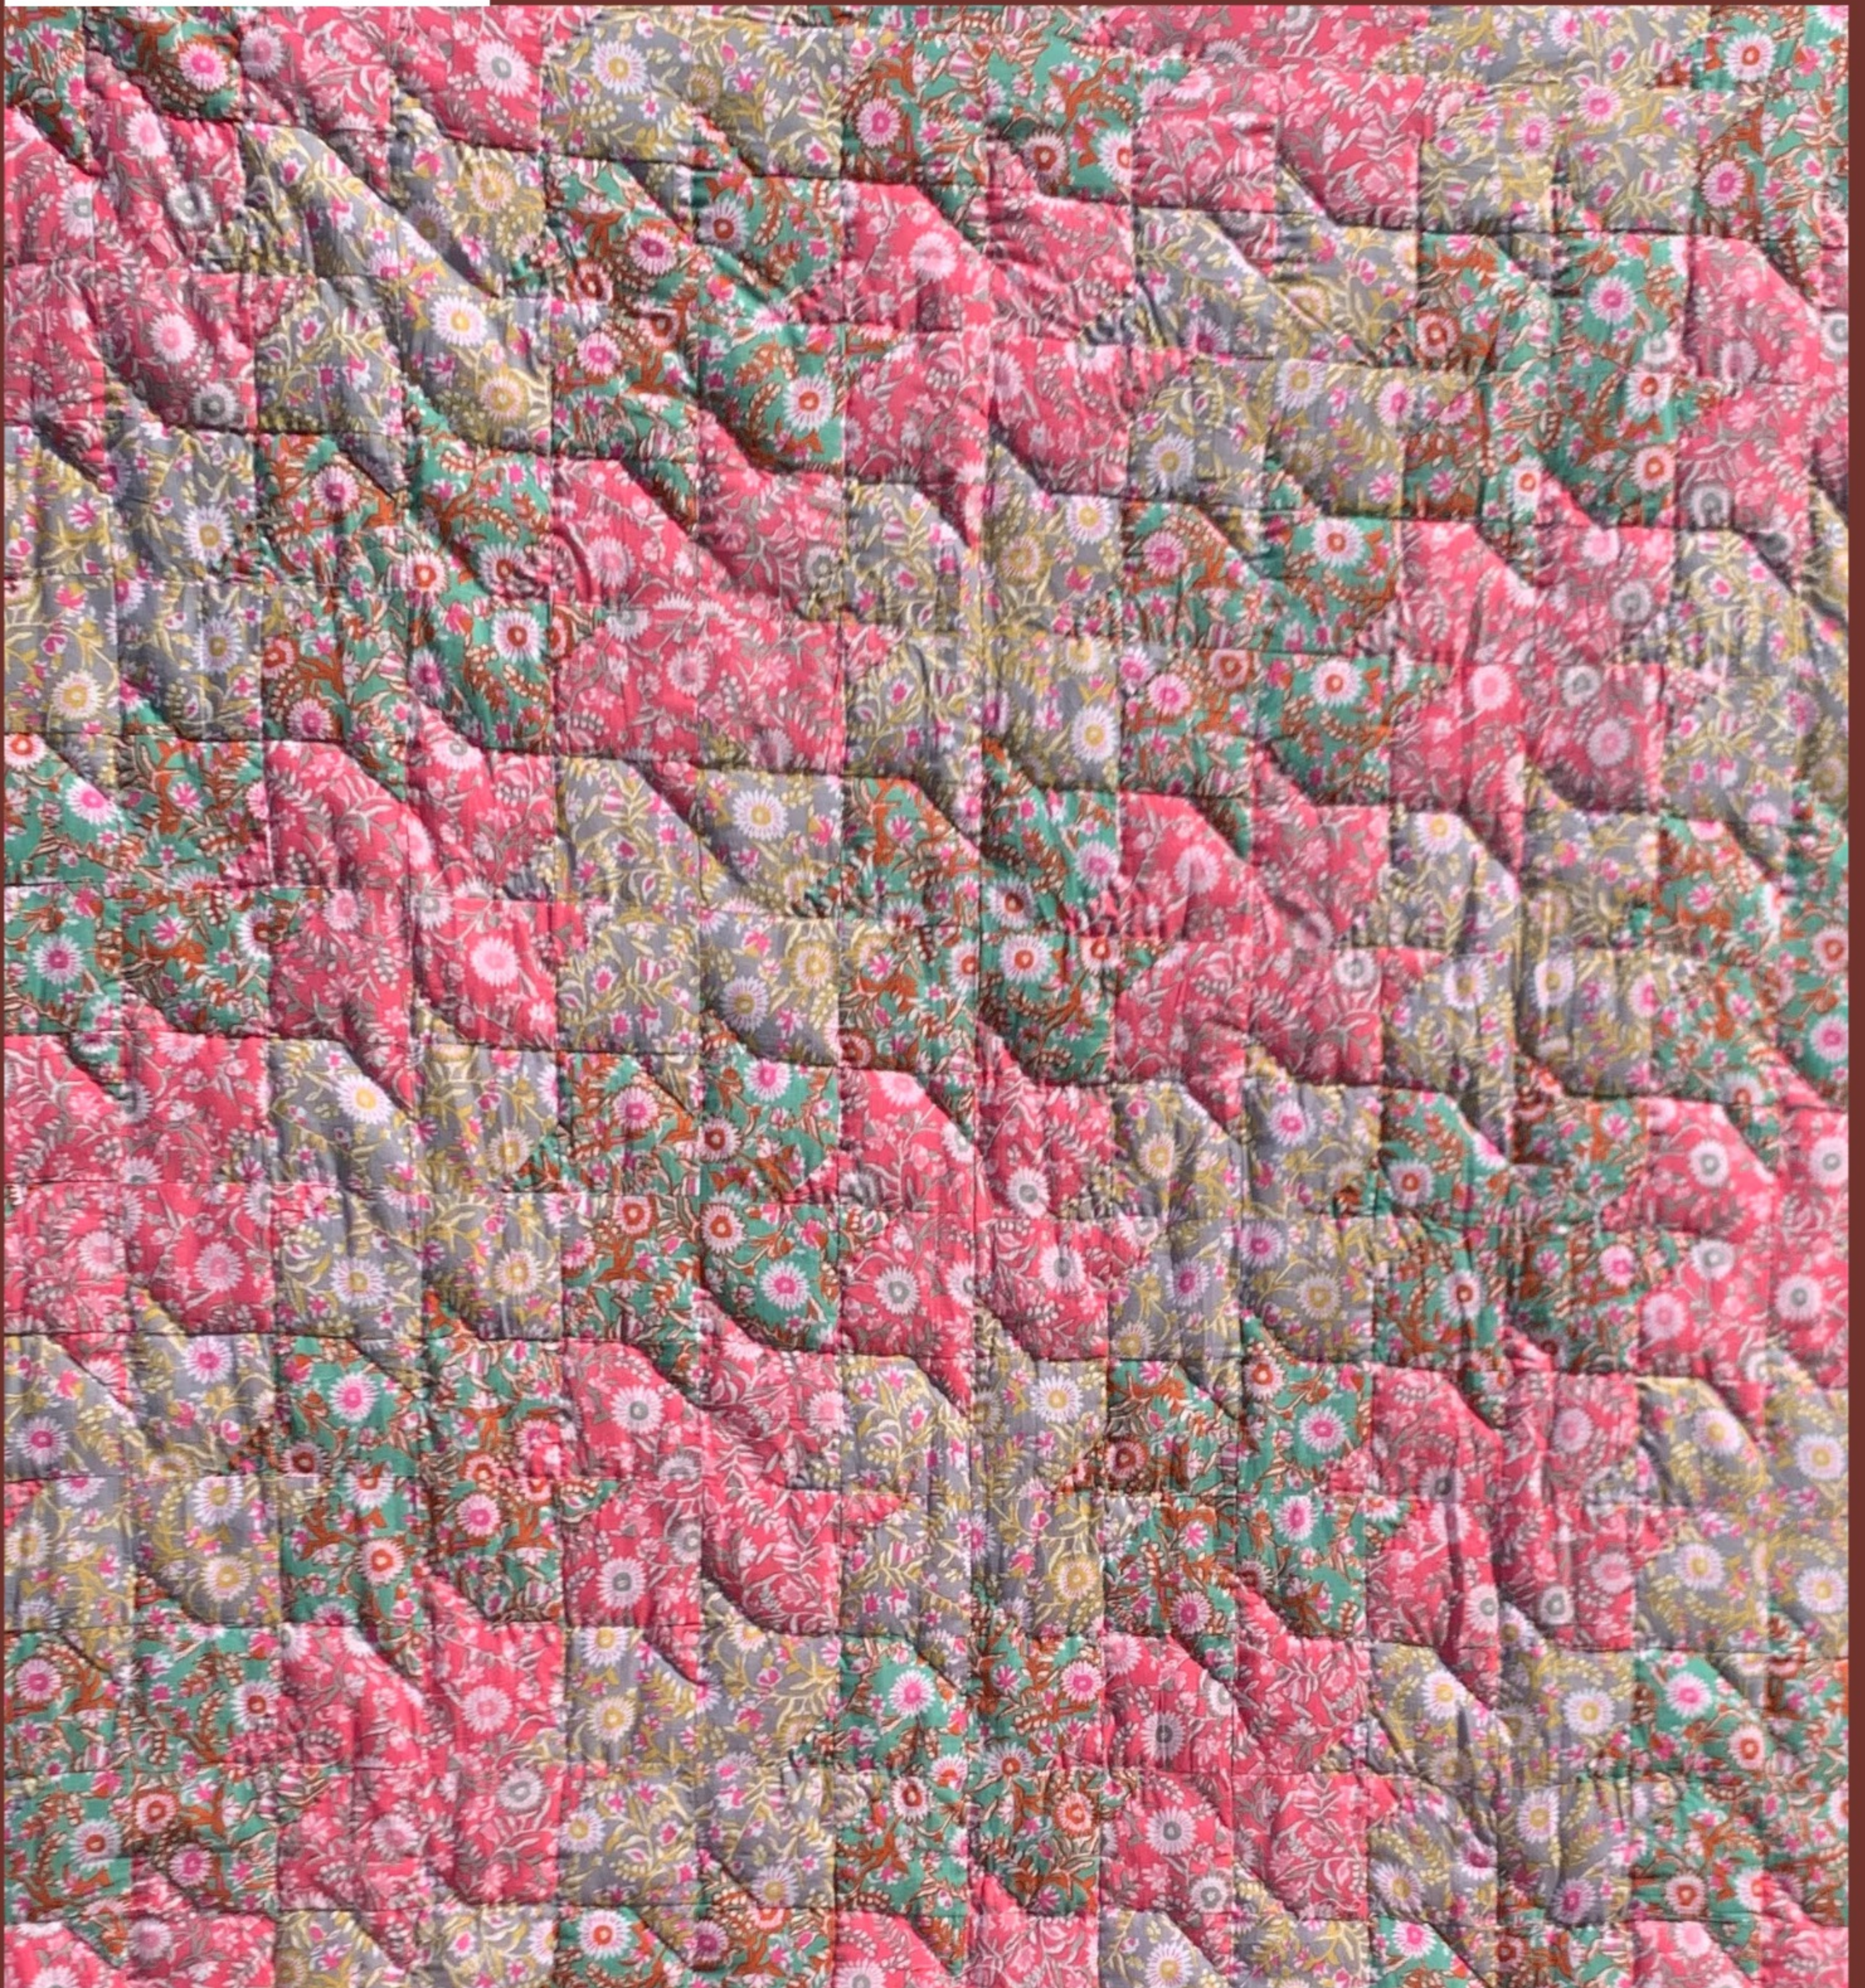

"Bargello Wave"

A stunning contemporary quilt with waves of color gracefully rippling across the top of your bed. See how 1600++ blocks precisely stitched & hand-quilted across the diagonal are enhancing the wave movement

"Square in Square"

This design has a name that describes exactly what it is - a square on a point within another square. This colourful artistic layout of Squares gives the quilt a 3 dimensional look

"Tessilating Flowers"

Beautiful interlocking flowers are brought together on the Quilt that indefinitely cover it without any gaps or overlaps. See how the perfect hand quilting has built this pattern.

"Stained Glass"

Designed to have the attractive look of stained glass - simple yet intricate. Fabric is selected such that shapes bring luminosity as though looking at a stained glass window.

"Window Antique"

See the environment outside the window, be it the beautiful scenery or skyline, coming right on your Bed.

"Flying Balloons"

See the Hot-Air Balloons rise through the layers of clouds. Specifically made for Children this is an apt design for Baby Quilt. Let them enjoy the sky ride on the bed itself

"Galaxy "

Incorporating various stars that make up the Galaxy, this Quilt will make children wonder at the night sky and have deep and blissful sleep

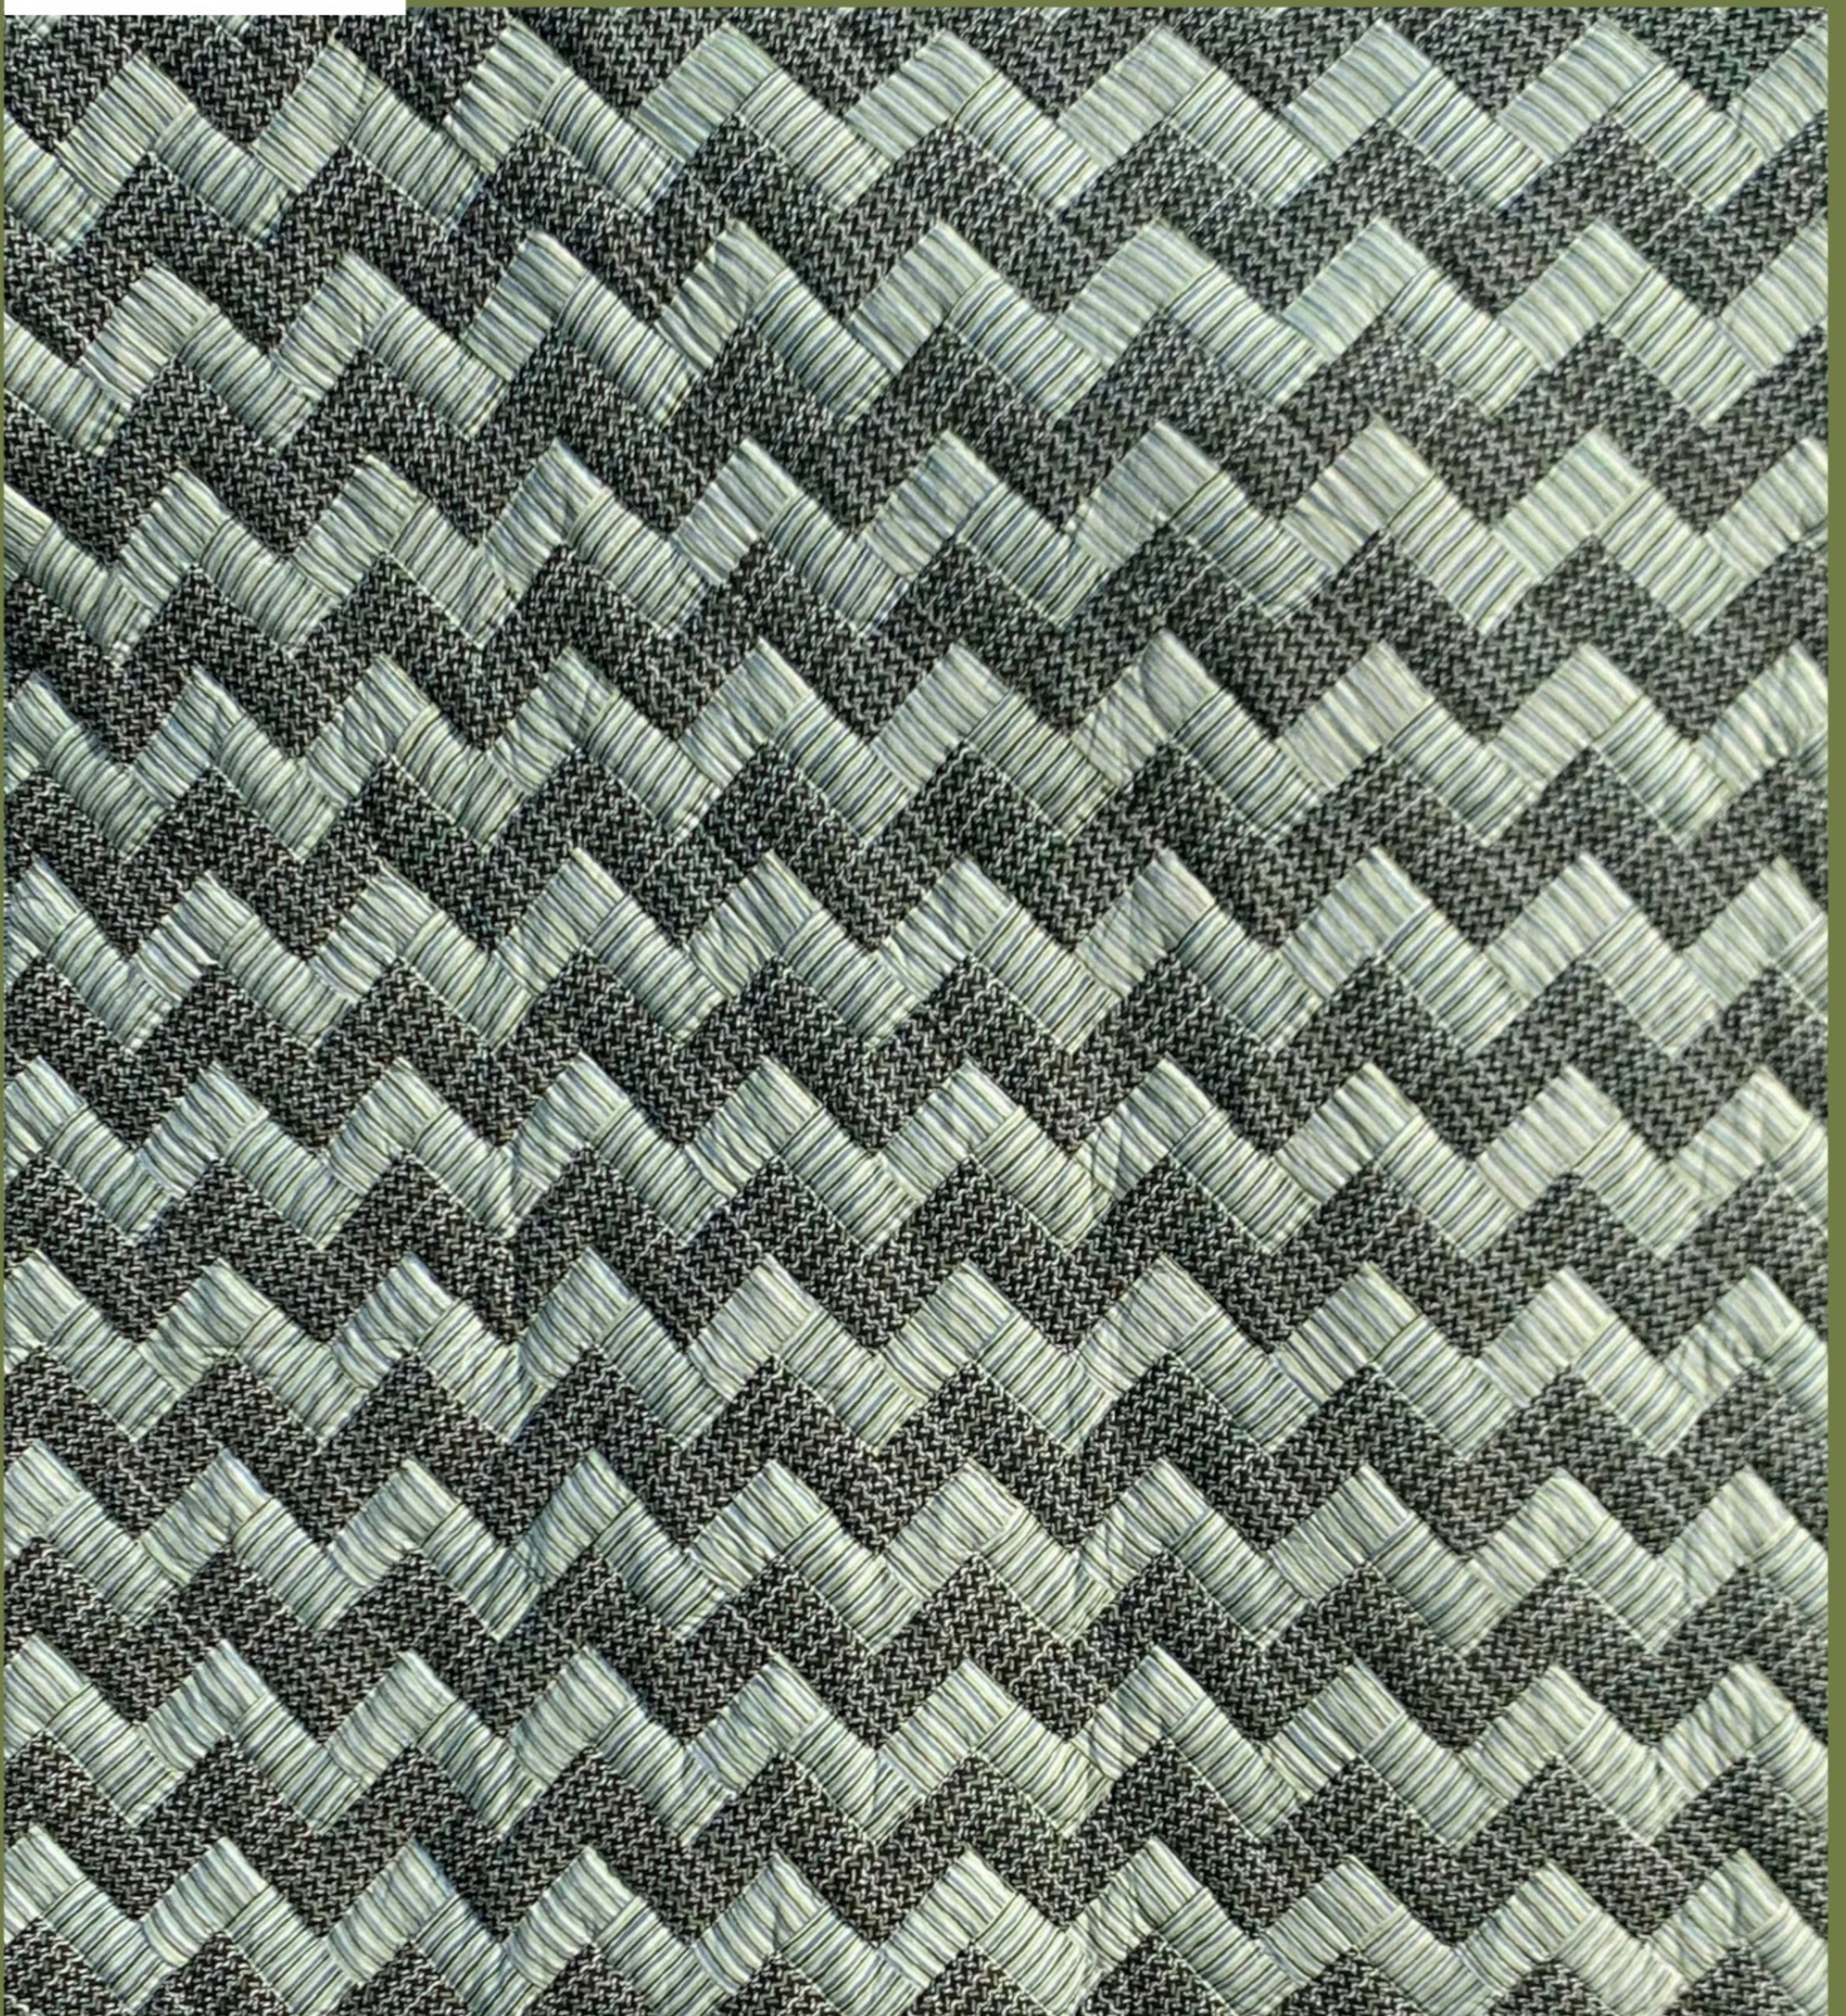

"Twisters"

Various blocks are brought together in this quilt pattern to create a pinwheel and windmill design. Looks good on Quilt of any size.

"Star Dust"

It's called Stardust as it uses small pieces of fabric (the "dust") to make a quilt that shines with stars! Traditional star blocks are arranged in a dynamic pattern to create a quilt that is both modern and sophisticated..

"Chevron"

Defined by zig-zag lines that usually go across the quilt horizontally, this age old design was first called "chevron" in 14th century France because it resembled rafter beams on a ceiling.

"Ikkat Waves"

This traditional motif is one of the oldest form of textile pattern. Here it is used to create a wave effect by perfectly hand stitching blocks of fabric that are accurately sized, colour coordinated and arranged mathematically

"Ikkat Waves"

Ikkat motif creates a mountain range by perfectly hand stitching triangular shaped colourful blocks of fabric that are accurately sized and handquilted

"Disappearing Four"

Designed by arranging and sewing together squares of fabric to create a traditional four patch quilt. It also makes the original design "disappear".

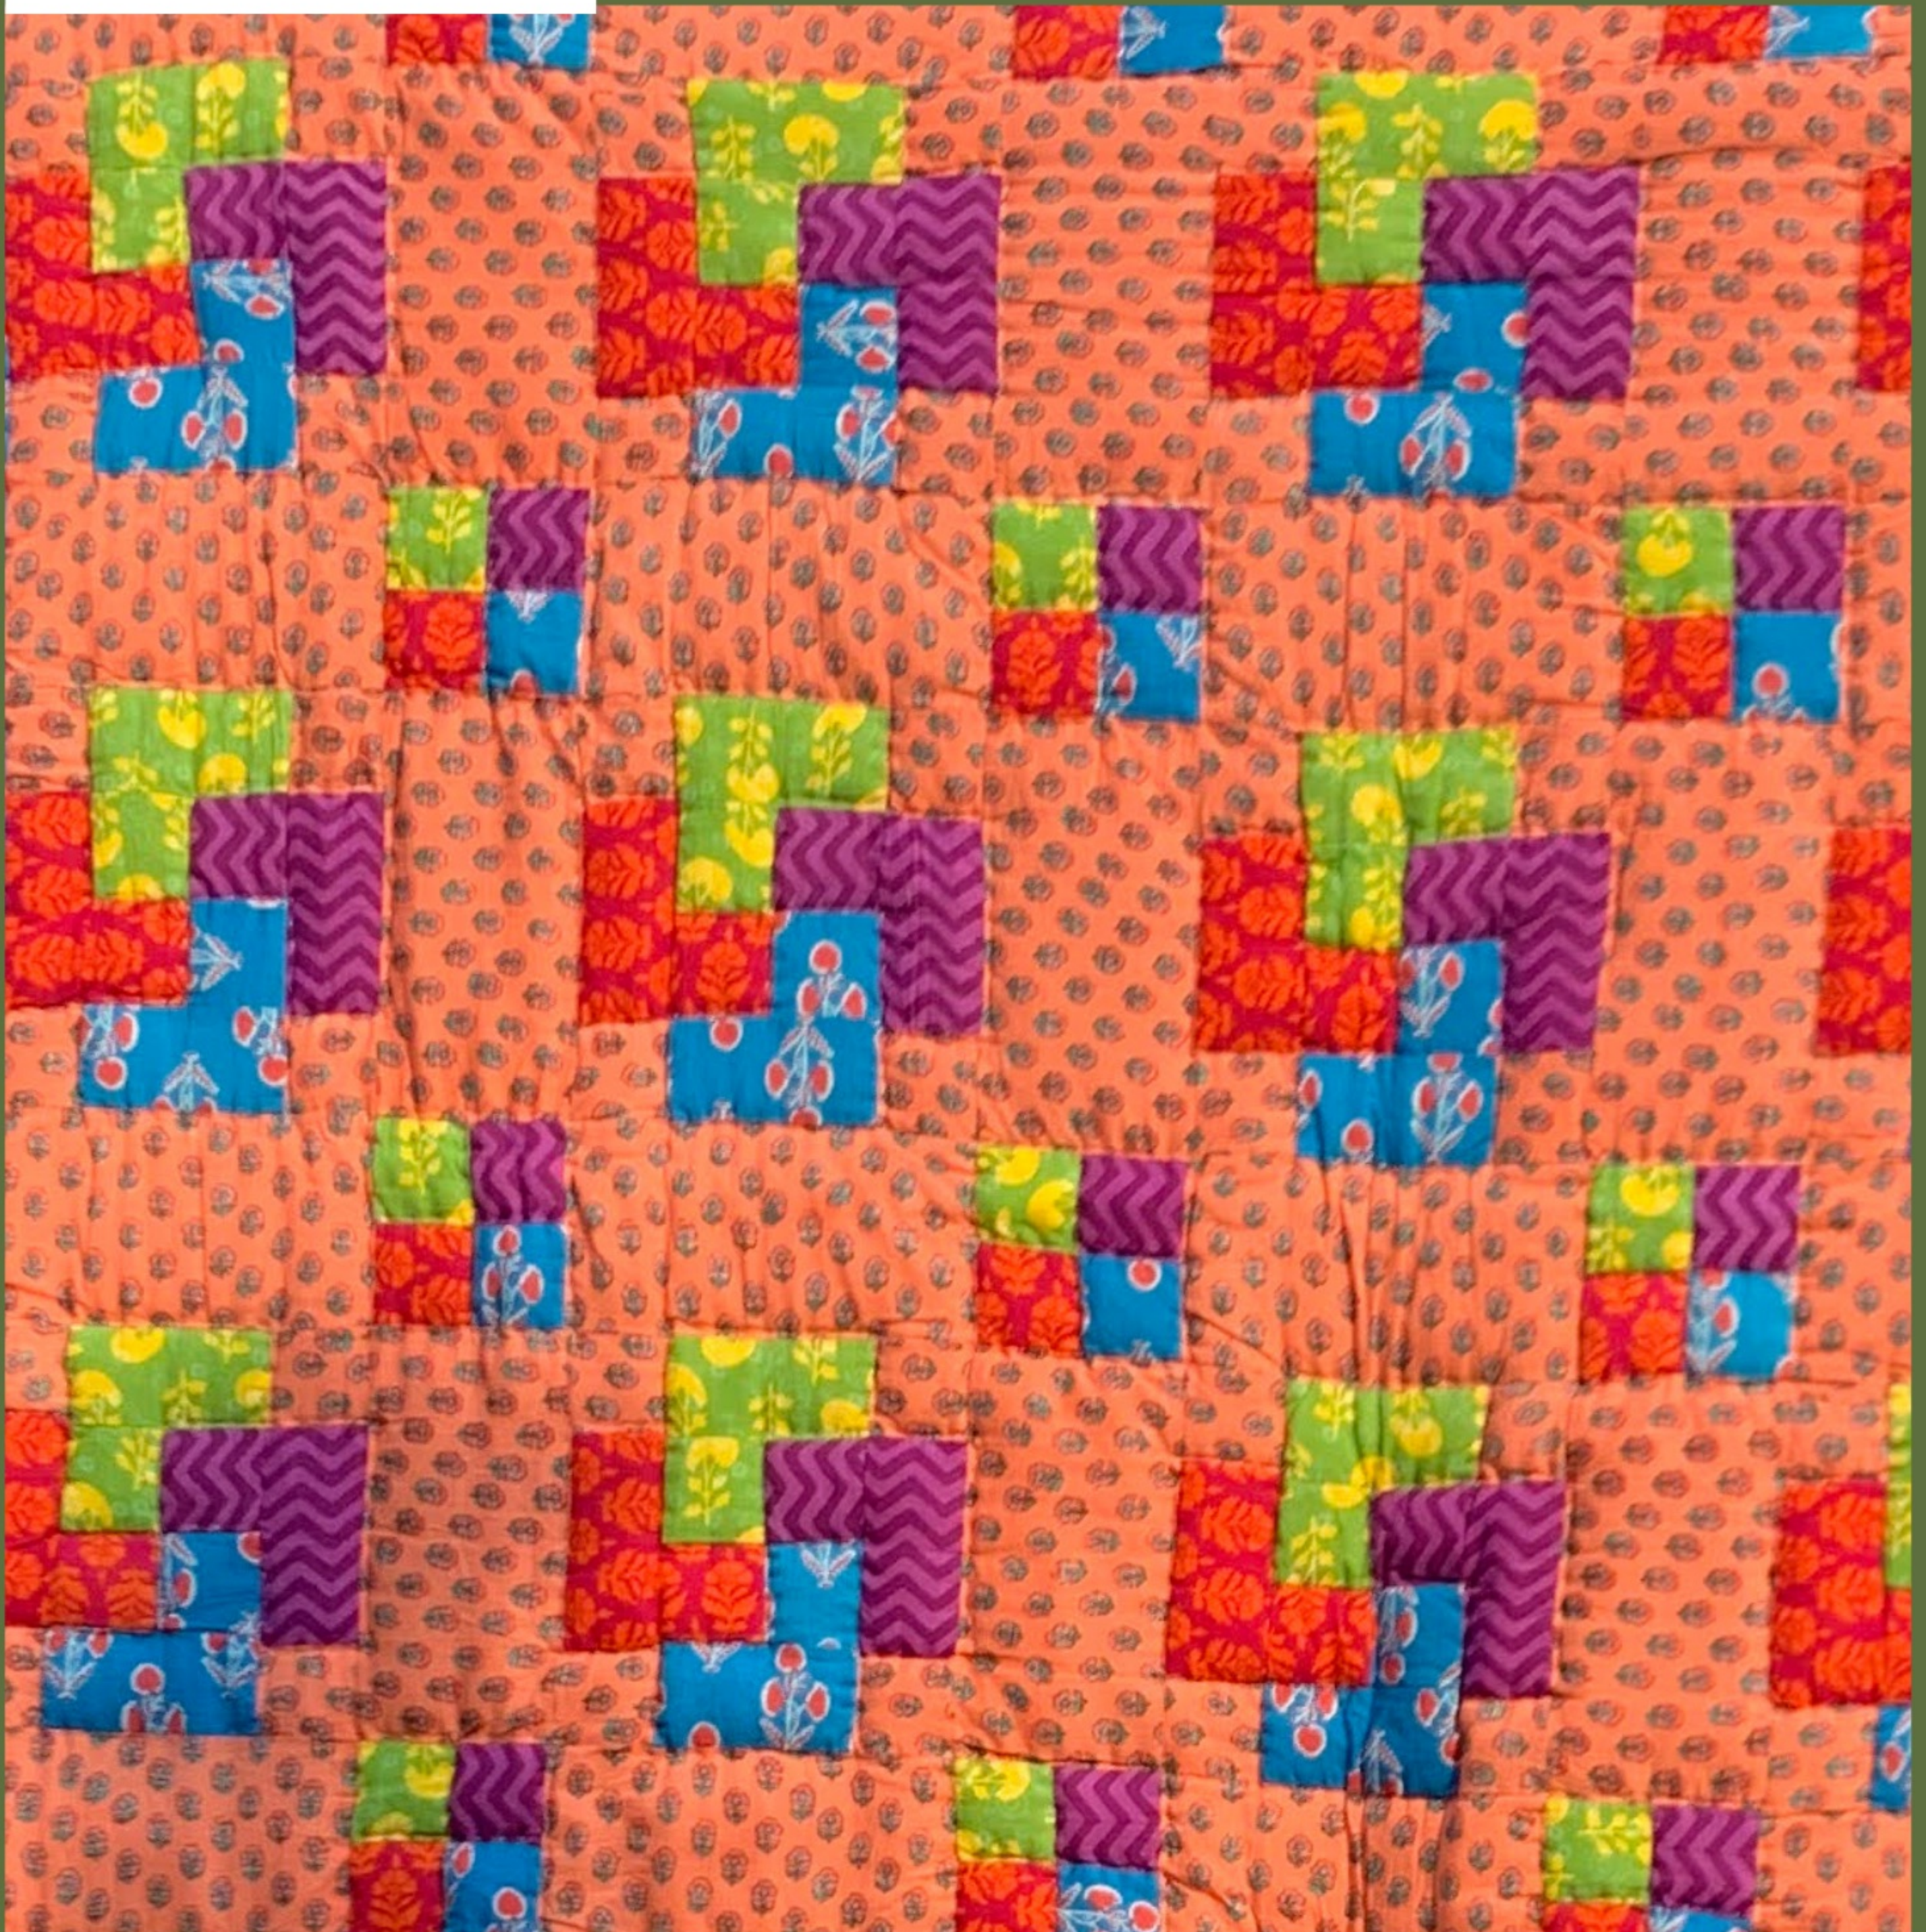

"Bargello Diamond"

This absolutely riveting mathematically calculated design is defined by the appearance of movement and optical illusion of waves forming a diamond. It is made of more than 1600 patches perfectly hand stitched

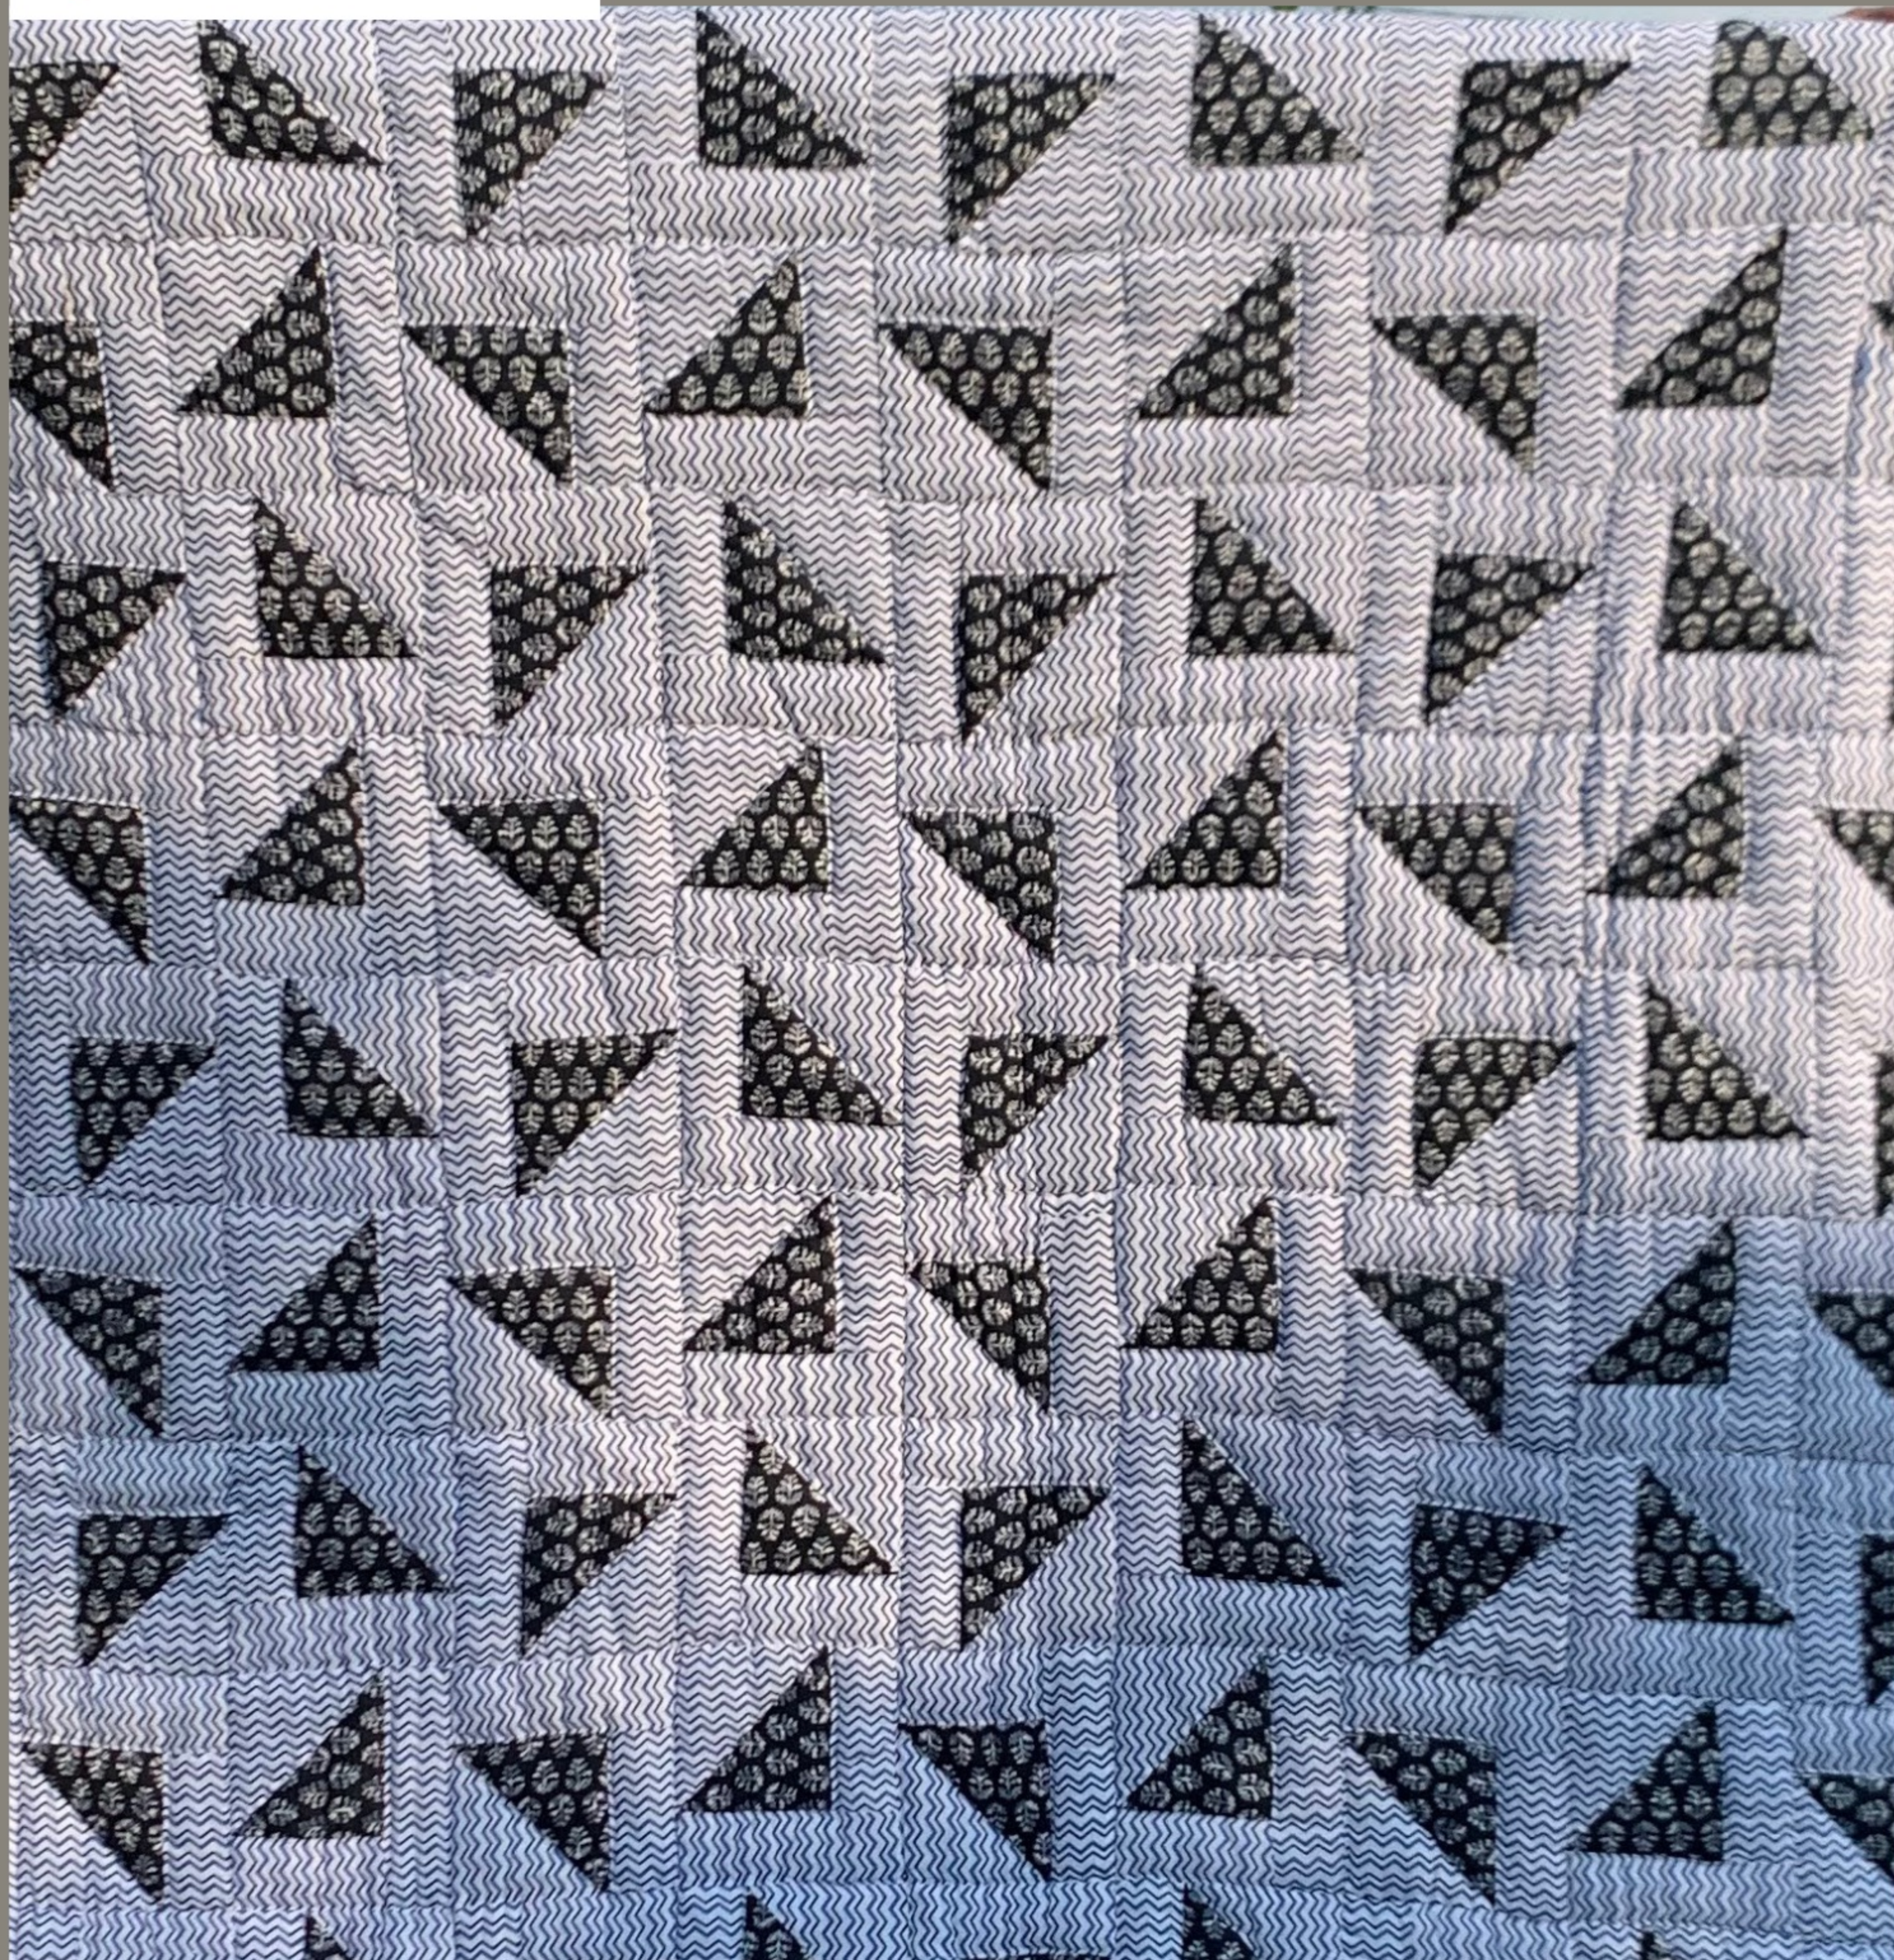

"Falling Triangles"

This modern geometric quilt pattern features different sizes of Half Square Triangles that appear to be floating like confetti on a colour coordinated background fabric. Soothing blue colour makes it ideal for a good night's sleep

"Card Trick"

The Pattern is a multi patch quilt block format that uses half square triangles, split quarter square triangles, and a center quarter/square triangle unit. Layout of the blocks form an interlocking square pattern.

"Falling Triangles"

This modern geometric quilt pattern features different sizes of Half Square Triangles that appear to be floating like confetti. Pick up this simple yet attracting Quilt for a good sleep

"Star Dust"

Small pieces of fabric (the "dust") are used to make this quilt that shines with stars! Traditional star blocks are arranged in a dynamic pattern to create a quilt that is both modern and sophisticated.
